LIFE INSURANCE.

THE KNICKERBOCKER
MUTUAL LIFE INSURANCE COMPANY,
OF NEW YORK.
Southern Branch, SAVANNAH, Ga.

A. WILBUR, *Manager.*
R. D. ARNOLD, *Consulting Physician.*

THE ONLY BRANCH OFFICE OF LIFE INSURANCE IN THIS SECTION WHERE POLICIES ARE ISSUED AND LOSSES PAID.

ASSETS NEARLY
$5,000,000.
ANNUAL INCOME NEARLY
$3,000,000.
Annual Dividends nearly 50 per cent.
$73,500 LOSSES PAID BY THE SOUTHERN BRANCH IN TWO YEARS.

THE KNICKERBOCKER IS AN OLD, RELIable Company, and offers as great inducements to insurers as any solvent Company can. Issues Policies on every desirable plan. Loans one-third of Premium to Policy-Holder.

All Policies non-forfeitable, as the insured can at any time, on demand, get its surrender value.

NO RESTRICTIONS ON RESIDENCE OR TRAVEL.

NO EXTRA CHARGE for OFFICERS of the ARMY or NAVY. Officers of first-class Steam or Sail Vessels, or Railroad Conductors, &c.

The "KNICKERBOCKER" is ONE of the TWO Northern Companies whose Policies in the South were kept intact during the entire Rebellion, whose Dividends were accredited to Policy Holders as though Premiums were paid,

And is THIS Company that paid all losses after the war, that occurred during the war, thus proving its integrity, the honorable method of conducting its business, and its indisputable solvency.

The KNICKERBOCKER still pays all losses, never disputes a just claim, and is as liberal and safe as any Company in America.

ÆTNA
LIFE INSURANCE COMPANY,

Accumulated Capital, over $10,000 00
Annual Income, 6 000,000
Surplus, above Liabilities, 2,000,000

THE ÆTNA
Has $136 Assets for every $100 Liabilities.
ALL POLICIES STRICTLY NON-FORFEITING.

CASH RATES!
CASH POLICIES!
CASH DIVIDENDS!

DIVIDENDS PAID ANNUALLY, COMMENCING AT THE END OF THE YEAR.
Dividends may be used to reduce the annual Premium or increase the Cash value of the Policy.

NON-FORFEITING CASH PLAN.

The Ætna issues Policies on the various forms of whole life and endowment insurance, with dividends on the contribution plan, which may be applied to the reduction of each annual premium after the first, or the full premium may be paid each year and the dividens applied to reduce the number of annual premiums, together with the period fixed for the maturity of the insurance, so that endowments can be paid to the insured before the time originally specified, and life policies before death.

By this plan of applying the dividends to lessen the cost of the insurance on the original policy, instead of increasing the amount of insurance, and of course its total cost, and the policies will become self-sustaining much sooner than in other companies; and in case of inability to continue payments, give a larger paid-up-policy.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and *paid* in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is pecuniary advantageous to the assured, securing, as an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

The New York *Insurance Monitor* says of the ÆTNA:

"No Life Insurance Company ever achieved so complete a success as this popular institution. Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

SATURDAY, APRIL 10, 1869.

CHIEF JUSTICE PEARSON TO GOVERNOR HOLDEN.

"I am sorry, Governor, that the Court has ordered one of your officers to jail for contempt."

Governor Holden: "Court or no Court, Chief Justice or no Chief Justice, d——n me, Sir, if my officers go to jail until you go over the dead bodies of my militia."

Governor Holden as he is hurrying to the mob on Market Square, followed by a posse, meets a Minister of the Gospel, and without the least provocation raises a big black stick, and cries out with the voice of a white-livered coward, "Who are you, Sir?"

TROUBLE IN THE HOUSE—BIG INGIN IN THE CHAIR—ESTES ON THE FLOOR.

On Thursday, when the report of the Conference Committee, on the school bill, was before the House, General Estes, Kilpatrick's Adjutant General, gave notice that he would call the previous question.—He had allowed several members a short time to speak on the question. Mr. Hodnett, a worthy, modest and quiet old gentleman from Caswell, asked to be heard on the question. Kil's Adjutant replied, he would give him two minutes.

Hodnett called the attention of the House to the sight that he, an old grayheaded citizen of the State, was prevented by an interloper, who had no property or interest except a speculative interest, from speaking to a bill of vital importance to the people.

Estes said, the man who said he had no interest here uttered what was false, and but for the gray hairs of the member from Caswell, he would denounce it in stronger language.

Hodnett replied. Don't let the gray hairs prevent you.

Estes said if he would select a young friend who would use his language he would call it an infamous lie.

Hodnett said you are a coward to make any such dodge as that.

Estes said he had $100,000 in North Carolina upon which he paid tax, and that he got his property fighting infamous rebels, that he bore upon his body five wounds, received in defence of his country, that he had fought 123 battles, and he was here in a conquered province in which the native people had been permitted to live by their conquerers, the people of the United States. That his right to a home in North Carolina or a seat on that floor was not to be questioned.

TROUBLE ON THE OUTSIDE—GEN. ESTES ON THE STREET.

When it was reported that General Estes had said "the man who would shoot Joe Turner in the back, could be pardoned, or it might be have his pardon in his pocket. when he committed the act," Harris, of Franklin, Republican, standing on the [illegible] asked Estes if he [illegible] said so. He said, Turner had assailed certain families in such a way that, if it were done, the man who did it should be pardoned.

Even that is nice language for you, said Harris, who are here only by the courtesy of Southern people.

No, said Estes, I won my way here in a four years fight, and, if necessary, I am willing to fight four years more.

Harris said: I fought three and a half years on the other side, and, if necessary I will fight three and a half more, and I will give any of you a fight this evening in any way you wish. Harris is about twenty six years of age, and had a little "cussing" in what he said, which we leave out, because we don't like to put "cuss words" in print, even when the Governor utters them.

KNOCKED DOWN.

After the watchman at the Yarborough House had gone upon duty, and Blair to bed, Gen. Estes in angry words with old Mr. B. F. Penneyman, of New York, a man of 70 years of age or thereabouts, went at him with a stick for saying ditto. Estes cursed the old man and called him hard names; the old man did not resent it.—When he was about walking off, Estes called him a liar and Penneyman said ditto; Estes made at him with an upraised cane The watchman caught hold of Estes and said he would put him out of the house if he did not behave. Estes knocked the little watchman down, and then we had peace. And this was the one hundred and twenty fourth battle according to Pike.

We obtained the facts in the three cases in which Estes figures from parties who were present, and if the truth of history has been violated, the General can be heard through our columns, although he did say, that the man who would shoot Joe Turner in the back should be pardoned.

THE WRITING ON THE WALL.

It is a significant fact that, the House of Representatives of North Carolina, refused to pass the Senate bill last night making an appropriation of $13,000 for the support of the University for the present year. Messrs. French, Seymour, Stilley and other leading Republicans, voting against the bill!

Verily, we agree with the member from Rockingham that it was a "slam" on the intelligence of the State, when Brewer, Pool & Co., were hoisted from obscure places, to fill seats once occupied by such men as the late Gov. Swain, and his associates. It were well if the Legislature would pause again, and "slam" Brewer back to his negro school in this city—a position, which, we have no doubt, he filled acceptably to his employers.

THE PROGRESS OF FASHIONABLE VICE.

It is a matter of sincere thanksgiving that thus far, the people of the South, with comparatively few exceptions, are uncontaminated by the licentious performances and Can-can dances of the North. It is true, that in New Orleans and Memphis, and indeed, in some of our smaller cities, such displays met with eager patronage, but the time has not yet come, and we devoutly hope, may never come, when our ladies, generally, will look upon such scenes with approving smiles and countenance their husbands and brothers in their visitation to such places of fashionable corruption, only the more dangerous, because sometimes patronized by the refined and supported by the ostentatious literality of the rich. We thought it highly creditable to the taste of our people, that the recent abominable "White Fawn" exhibition was visited for the most part by only our male population. We hope it will ever be, that no obscene or vulgar displays will be gazed upon by the eyes of virtuous and pure womanhood with any other feeling than that of unrepressed repulsion and loathing, or what is far better, that they will never gaze upon such wicked scenes at all, save when deceived as to the character of an entertainment.

We are so impressed with the evil tendencies of the age; we are so alarmed at the tremendous progress of fashionable, sugar-coated, gauze-covered vice, that we deem it our duty as a public journalist, to contribute what we can towards the suppression of corrupting influences, and the exposure of the concealed viciousness of the openly hurtful amusements of the day, that we feel impelled to copy the following from the New York *Home Journal*, the organ of "Upper-tendom," and of Metropolitan Codfish aristocracy. It sounds in no uncertain way the notes of alarm. Let every friend of virtue and decency read it, and then blush for his race. It says:

"The present day might be aptly termed the cancan period in our history. The students and grisettes of the Latin Quarter and the *habitues* of the Jardin Mabille, in the wildest of their mad revels, have a dance made up of graceful vulgarity and gymnastic indecency, in which extravagant suggestiveness is the principal feature.—Through the medium of the stage we have been introduced to this dance, and its devastating influences have spread far and wide, like a wild fire. It tickled the popular fancy, fed the growing appetite for sensation and sensuality, and, before we knew it, became fashionable. Not many weeks since it was presented nightly, in one theatre and another, at ten nominally first-class theatres in this city before audiences respectable in the best sense of the word.—But respectability cannot shield from contaminating influence, in such an atmosphere; and when we remember what a large proportion of our citizens are theatre goers, and what an immense influence for good or evil the theatres exert we can but tremble in anticipation of the result of this subtle admixture of sensuous vice with our most popular diversion.

"Probably nothing reflects the social condition of a people more clearly than their contemporary drama—or, in this case, that which usurps the place of the drama, without even the temerity to adopt its name.—The spread of the cancan fever among all classes and in every circle cannot be attributed to its introduction with *opera bouffe*, but rather to a morbid and diseased state of society, which made it absorb the infection at once. The poison worked quickly, and the disease has naturally assumed a virulent and alarming aspect. One of its phases has been very prominent at the public balls of the season now near its end. At these the queenly Anonymas of the metropolis have swept the floor with their satins and laces, and eclipsed the radiance of the chandeliers with the resplendance of their jewels. They have jostled the ladies of our most select circles, and looked down with an air of supercilious patronage upon the belles of our best society. Around them have clustered thickly and eagerly the sons of the former, the brothers of the latter—the representatives of the best blood of the rising generation—the young men, ready to make any sacrifice of honor for a smile, or go down on their knees for an encouraging word; and that, too, with the consciousness that thousands of inquiring eyes were fixed upon them.

"At the masquerade balls especially, with scarcely a single exception, the cancan spirit has seemed to pervade everything and everybody. Here, these same young men and these same Anonymas have introduced the dance in its most ungraceful, grotesque, and exaggerated form. In vain have experts been imported directly from the Bal Mabille to teach them its Parisian delicacy of indelicacy and spicy flavor of wickedness.—They have left their instructors far behind, and preferred to Americanize—and vulgarize—it. The excess to which it has been carried has more than bordered upon insanity. At the height of one of these balls, in the Academy of Music, a single couple, occupying a proscenium box, began dancing the cancan in full view of the assemblage.—Upon the floor beneath, the watching and applauding crowd widened and widened until those two young persons absorbed the entire interest of the moment. Cheer upon cheer greeted each fresh endeavor on their part; their audience was on the very tip-toe of excitement; flushed and breathless, they danced on, only stopping to throw kisses and flowers to the swaying crowd, until, ready to faint with exhaustion, they were literally unable to stand a moment longer. On such a scene as this gazed the wives and mothers, the daughters and sisters of respectable citizens of New York, interested and unabashed, if not altogether unblushing. In the very midst of such a scene as this jostled—glowing, and elated with artificial, unhealthy, mad excitement—respectable citizens of New York themselves. Can any comment be more eloquent than the bare facts presented?"

WHIP AND SPUR LEGISLATION.

The House was in session last night until 12 o'clock, and rushed through any number of bills, simply by their titles. We venture the assertion, that neither the Speaker, the Clerks nor the members, can tell what bills passed. Such a scene, as was presented in that body last night, was never witnessed before in North Carolina. Members crowded the Clerk's desk, and manipulated the calendar at will, while three or four, and sometimes seven or eight, occupied the floor at the same time, urging points of order, stating "privileged questions," calling the "previous question"—moving to adjourn—moving a suspension of the rules—and gesticulating with a vim, on subjects that were unintelligible amidst the uproar and confusion.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have, and can show, thousands upon thousands of certificates of the most reliable cures of the following complaints, but such cures are known in every neighborhood, and why should we publish them? Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, which we cannot enumerate here, but they suggest themselves to every body, and where the virtues of this *Pill* are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient rest

BROOKLYN LIFE INSURANCE COMPANY.—Life Insurance may fairly be classed among the humanitarian *sciences* of the day. It is gradually being more and more perfected, in order to meet the great object it has in view. The testimony of the most able and experienced Insurance men in the country is highly complimentary to the Brooklyn Life Company, whose new advertisement may be found in our columns to day. The most eminent authority endorses it as a first-class, while its more liberal and progressing features,—such as the Cash Surrender Value,—have extorted unusual commendation.

Capt. Lawrence, the Agent of the Brooklyn, who stands A No. 1 in the line of his business, will take pleasure in communicating to all enquirers full information into the details of the excellent Company, which he represents.

HATS.—Paley, the best writer of his class, makes this judicious remark: "I have seldom known any one who deserted truth in trifles, that could be trusted in matters of importance." We are so impressed with the just character of this observation, that even in so "trifling" a matter as a *hat* we do not mean to deflect a hair's breadth from the "truth." We were quietly invited, on yesterday, to choose the "best hat" in the store of Messrs. Hester Brothers & Co., and *we chose*. It is the latest—none of your old stock, but a "bran new" moleskin just from the hands of the hatter. If we had not known that Capt. Hester was from Granville and an "old salt" who "*had* travelled," we might not be able to account for such a bestowment.

Several thanks Captain, and may your shadow never grow less!

WE are requested to state that the North Carolina Land Company, and the North Carolina Real & Personal Estate Agency, are two separate and distinct organizations, and are in nowise connected. The business of the Companies is entirely different. Mr. Best's name being published as one of the Supervisors of N. C. R & P. Estate Agency, may mislead some, but he has simply been requested to be present at the drawing and see that ticket holders are fairly dealt with. Our State exchanges will please note the distinction.

BRIGNOLI'S OPERATIC CONCERT.—We believe it is generally held by those who attended the very brilliant Operatic Concert of the great lyric tenor Brignoli, in Tucker Hall, on Thursday evening last, that it was the most elegant and admirable entertainment ever presented to the citizens of Raleigh. The singing of Brignoli was unsurpassed by any of the greatest artists of the world, whilst Mlle. Durand won golden opinions, and proved herself one of the first Prima Donna Soprano's in this or any country.

THE HANDS FLUSH.—How this is, we cannot tell, but such is the fact. They are very flush. But how was it done? Ah, there's "the rub." Where *did* the money come from? Who knows? We don't, that's certain. The *Standard* says, "the Treasury is empty," and the *Standard* knows. On yesterday, a member of the Legislature told us that such was still the case. Whence then, came the spondulacs? Where, oh! where did the Treasurer raise "the needful?" Echo answers, where? Wise, money-saving, utilitarian old Doctor Franklin said, as we remember, that "money is of a prolific, generating nature," but how comes it, that an empty Treasury can pay innumerable thousands to the hands, when *that* treasury "is empty?" Has the Treasurer found at last the "Philosopher's stone?" Is it possible that in these days of monetary scarcity he has discovered the happy art of transmuting a very bad credit into smiling greenbacks or shining dollars? Verily he must be a magician! Look to your laurels after this, ye cunning Wyman and ye brilliant illusionist, Sargent, the slow payer.

RADICALISM, SO CALLED, AT DAVIDSON COLLEGE.

Editor of the Sentinel:—We were willing to let bygones be bygones, and had hoped that the excitement, occasioned upon Prof. McIver's leaving this Institution, had quieted down, and that good will again prevailed among all parties; but seeing the friends of Prof. McIver so entirely misrepresented by a correspondent of the *Sentinel*, signing himself "Rip Van Winkle," we have determined, at their request, to state the facts, in reference to the whole matter, openly and plainly, and wish the good people of North Carolina, and all others, then to judge wherein we have erred. We are prompted to do this not only to vindicate ourselves and those whom we represent from the charges insinuated by the above named writer, but, also, by our desire to remove, if possible, any stain that may blot the fair name of Davidson College.

To proceed with the story then, as soon as it was known that Prof. McIver had tendered his resignation to the Board of Trustees, the following petition was immediately sent to him:

"The undersigned, as North Carolinians, prompted by not only their high personal regard for Prof. McIver, but, also, by their desire to see Davidson College prosper, and their State well represented in its Faculty, do most respectfully and earnestly solicit him to reconsider his resignation; and, if he finds it consistent with his sense of duty, to withdraw the same.

They assure him that they have the greatest confidence in his integrity as a gentleman, his ability as an instructor, and would see him leave with the feelings of profoundest regret.

This petition was signed, or afterwards approved of, by all the North Carolinians in College with *two* exceptions. Professor McIver replied to this petition in the following letter:

YOUNG GENTLEMEN:—I am deeply sensible of the honor which your note of this evening does me; and assure you that there is nothing in the whole course of my connection with this Institution which I prize so highly as the unsolicited approval of those who have had the best means of knowing with what fidelity I have endeavored to discharge the duties of my position. If I should consult my own feelings merely, I would be strongly tempted to yield to your request; but Providential indications seem to direct me otherwise. I never expect to meet with nobler, more honorable, high minded, young gentlemen than I have had the pleasure of meeting here; and I may not be acting wisely in the steps I am about to take, but I am acting conscientiously. Whatever may betide me in the future, I shall always cherish the profoundest respect and esteem for the noble young men of Davidson College.

Very truly and sincerely
Your friend and obt. servt.,
ALEX McIVER

After this, affairs moved quietly on till the evening preceding Prof. McIver's departure, when the students assembled in the Chapel, and the following preamble and resolutions were introduced:

WHEREAS, The resignation of Alexander McIver, late Prof. of Mathematics in Davidson College, has been accepted by the Trustees of the same, and, whereas, his connection with the students is now severed, and he is about to leave their midst for a new field of labor, therefore, be it resolved:

1. That the students do tender Prof. McIver their heartfelt thanks for that faithful and conscientious discharge of the duties of his office, which has won for him so high a place in their confidence and esteem.

2. That, while they part from him with regret, yet their best wishes for his success accompany him to his new sphere of usefulness, and they bid him God-speed in his indefatigable endeavors to advance the great cause of education.

3. That a copy of these resolutions be handed to Prof. McIver, and that they be published in the Raleigh *Sentinel*, and Western *Democrat*, with request that the State papers copy.

Upon comparing these resolutions with those given by the writer above said, you will find that strictly speaking they are not the same, and, instead of being defeated, as asserted by a large majority, they were not even voted upon. One or two fiery speeches were made after publishing them, and terrible "excitement" prevailing among a few enthusiastics, an amendment was made and passed, reading as follows, *without shedding any blood*:

"WHEREAS, the resignation of Alexander McIver, late Professor of Mathematics in Davidson College, has been accepted by the Trustees of the same, and whereas, his connection with the students is now severed, and he is on the eve of leaving their midst for a new field of labor, therefore resolved, That the students do tender Professor McIver their heartful thanks for that faithful and conscientious discharge of the duties of his office, which has won for him their highest admiration as a Professor." This amendment was carried by a large majority; and those who voted against it, did so because they were in favor of the *original resolutions*, which we verily believe could have been carried, had they been insisted upon and put to a vote. It was understood, however, before leaving the Chapel that the resolutions were not to be published; and think you it not breach of faith in your correspondent to publish some resolutions like unto those which were introduced, but which were in truth not introduced at all? He says nothing about the resolution which was passed, and since a part has been published a full defence requires us to do what has not been done, to "tell the truth, the whole truth, and nothing but the truth." Now what think the people of North Carolina? *Are we Radicals?* No, no! there are not truer Conservatives in the State, nor in the whole South, than the friends of Alex. McIver at Davidson College. They support him not as a "*politician*," but as a friend and instructor. Whatever his political opinions may be, he never obtruded them upon us, in his life; he has served us long and faithfully; he is a gentleman and a scholar, and we are not ashamed nor afraid to say, before the world, that we esteem and admire him. We can also bid him Godspeed in his new field of labor. Christian philanthropists ought to wish every man success who labors conscientiously in the cause of education, and no one, acquainted with Prof. McIver's character, will deny that he tries to do his duty conscientiously before God and man.

We have given you a plain statement of facts, and will leave your readers to form their own conclusions. Permit us to add, that this trivial disturbance should in no way detract from, or injure the fair name of Davidson College. No temple of learning was ever blessed with a more moral, upright band of students than those now in attendance here. Founded in the prayers and contributions of the Wise and Good, may the Institution live long, and accomplish triumphantly its noble work.

Your obedient servants,
ALFRED J. MORRISON,
WM. A. MILNER,
DAVID L. McALLISTER,
P. H. PITTS, JR.,

STATE NEWS.

Rev. Samuel Pearce has taken charge of the Fifth Street Methodist Church in Wilmington.

Sargent, the illusionist, came near being arrested in Wilmington, for violating a city ordinance, prohibiting "gift exhibitions."

ROW IN RALEIGH.—A disgraceful affair happened in Raleigh a week or so ago, in which Mr. Jos. W. Holden, Speaker of the House, together with one Menninger, brother of the Secretary of State, undertook to thrash or assassinate Mr. Turner, editor of the *Sentinel*. Accompanied by a crowd of abettors, white and black, they repaired to the depot to await Mr. T's. arrival from Smithfield, but the latter, being previously advised of what was intended, had armed himself, and when he left the depot, noticing the crowd moving upon him, he drew his revolver, and deliberately announced that he would "pull down" upon the first man who advanced upon him. This checked their valiant career. Finally the Mayor appeared upon the scene, placed all the parties under arrest, had them marched to his office, and required them to give bonds for their good behavior, &c. Gov. Holden, with a crowd of carpet-baggers at his heels, entered the Mayor's Court, and attempted to harrangue the mob; whereupon the Mayor ordered him to be quiet. Our "law and order" Governor proclaimed that he fully endorsed all that his son had done.—Estes, the carpet-bag member of the House from New Hanover, and former Chief of Staff to the miserable Kilpatrick, said, so Turner avers, "if any man will shoot Turner, even in the back, he will be pardoned in five minutes, or may, perhaps, have the pardon in his pocket when he commits the act." The whole business was disgraceful on the part of the cowards who thus attempted to browbeat and attack a single man, who, finally, proved too much for them. A gentleman, now in Asheville, who was present in Raleigh at the time of the fracas, states that Mr. Turner's conduct was very creditable throughout, his only fault being that he gave bail, instead of permitting the rascally alliance to imprison him.—*Asheville News.*

PERSONAL.

Henry A. Wise has received a present of $700 from the Irish Literary Association of Memphis.

The ex Queen of the English Gipsies has arrived in the United States for the purpose of gathering together the twelve thousand gipsies who have come to reside here from England and other European countries, with a view of organizing them into a nation once more upon lands which they have already purchased for that object. The gipsy population, though poor to look at, are rich in fact, and we shall soon hear of a society more honorably celebrated than that of the Mormons, governed by their own laws and ruled over by a real queen.

It is stated that Mrs. Charles Sumner, formerly the widow Rantoul, and now grazing somewhere in the Alps as the widow of the Senator from Massachusetts, has sent a handsome cash present across the water to the relict of the late Preston S. Brooks.

Mr. Fredrick Douglass declines the Haytien mission upon the two-fold ground that he cannot afford to take it, and prefers to dwell in the land of his birth.

A dispatch to the New York *Tribune* says: "It is rumored by Gen. Longstreet's friends that he will hold the place of surveyor of the port of New Orleans for only a short time, and should Gen. Sickles decline the Mexican mission, Longstreet will be nominated for that place."

Pope Pius IX in a letter, invites all "Christian mothers and daughters of Mary" to form a league against the doing up of chignons, and the arranging of tresses several times a day, which occupies the time that should be devoted to religious duties, pious works, and family affairs.

Henry Ward Beecher, in one of his discourses, said that "some men will not shave on Sunday, and yet they spend all the week in 'shaving' their fellow men; and many fools think it very wicked to black their boots on Sunday morning, yet they do not hesitate to black their neighbors reputation on week days."

BRIEF NEWS NOTES.

North Carolina makes more money from her peanut crop than from her cotton crop.

One church in Chicago has rented its pews for the next year for $100,000.

The Houston *Telegraph* has news from all parts of Texas, to the effect that planters are actively engaged. Corn is generally planted, and a great deal of it is already up. A larger breadth of land will be put in cotton than any year since the war. The freedmen have generally gone to work, and there is less complaint of their idleness than usual.

CAUTION! WE desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,
OF THE
UNITED STATES OF AMERICA,
WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,
$1,000,000,
PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his death, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is undoubtedly able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers, and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so fuddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but ACTUARIES, who are familiar with the principles upon which Life Insurance is based, can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he looks into the plan adopted by the

NATIONAL
LIFE INSURANCE COMPANY,
U. S. A.,

and finds just what he wants:

An ALL CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 3,582 policies.

Amount insured,	$10,006,350.00
Total Premiums,	360,117.08

The whole number issued by the Connecticut Mutual in the first year of its existence was 803

By the Mutual Benefit of New Jersey,	693
" New England Mutual,	343
" Phœnix Mutual,	335
" Massachusetts Mutual,	312
" Equitable of New York,	277

The Mutual Life, of New York, in the first year of its existence, only issued 470 policies.

In its 10th year,	5,360 "
And in its 20th year,	2,843 "

this latter being 690 less than was issued by the NATIONAL in its first seven months.

WASHING COMPOUND.

Patented Sept. 22, 1868.

REASONS FOR PREFERRING THIS SOAP.

The Patentee claims for this Soap the following advantages which are clearly set forth in the Letters Patent, to-wit:

First, it can be manufactured at less than half the cost of any soap ever produced.

Secondly, it may be used successfully in any kind of water—cold or hot, hard or soft.

Thirdly, it so modifies the action of boiling water on woollen goods that their fibres do not contract under its influence, and your woollen garment is as large after boiling as before.

Fourthly, it does not decompose the colors of goods, and your prints and stripes are as brilliant after washing as before.

Fifth the goods do not require any rubbing or pats at washing machine—all that is necessary is a few minutes boiling and a good rinsing.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

And, in one word, no effort will be spared to make the SENTINEL, in all respects, a reliable

We paid the State near Seven Hundred Thousand Dollars for her interest in this Road—thereby saving the people from Taxation for all time to come $60,000 per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line

NEW METHOD OF WASHING CLOTHES

WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universal; recommended. It can be used on any Stove or Range, in any boiler, and the LOW PRICE of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and supersedes with labor and the wear of the clothes.

The hot rain and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the inside with astonishing rapidity, cleansing all articles, from the most soiled to the best-finished. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the inside, thoroughly scouring and cleansing the cloth WITHOUT LABOR OF FRICTION—a thorough rinsing finishes the process.

Washing day will no longer be a terror and dread of housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at BURGER & BROTHERS, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the State.
